Welcome to our community!Dulles Area Democrats PAC

Founded 2005

Covering: West Fairfax and Eastern Loudon counties. We of course are Northern Virginians and Virginians too and welcome anyone interested in being involved. Our mission is to be the hub of information, coordinator, organizer and supporter of the Democratic Party and its various interests. The goal is to build a community of united Democrats in the Dulles region and to have an impact on local and state politics. We will support all the various Democratic candidates, interest groups and official local party committees within our mission. The idea is to then funnel our local Democrats into the groups they wish to support while creating a network of friends that care about their community. Authorized and paid for by Dulles Area Democrats, a non-affiliated Political Action Committee. To see our FEC reports: [Click Here](#)
